

Amit Verma

Senior Backend Engineer

Pune, Maharashtra, India | +91 9876543210 | amit.verma@example.com

PROFESSIONAL SUMMARY

Experienced backend engineer specializing in scalable APIs using Python, Django, and PostgreSQL. Proven track record in designing microservices architectures and integrating distributed event streaming with Kafka.

CORE COMPETENCIES & SKILLS

Python, Django, FastAPI, PostgreSQL, Kafka, Microservices, Redis, Docker, Git

PROFESSIONAL EXPERIENCE

Senior Backend Developer / TechFlow Solutions

2022 - Present

Developed microservices utilizing Python and FastAPI. Implemented Kafka for asynchronous messaging between services, increasing system throughput by 40% and reducing latency.

Software Engineer / DataSync Inc

2019 - 2022

Managed PostgreSQL databases and built robust RESTful APIs with Django. Optimized database queries reducing load times.

EDUCATION

Bachelor of Computer Science

2015 - 2019

Savitribai Phule Pune University (SPPU)
